

Everyone,

The electronic waiver acceptance process is now in place for members using online registration. Registration for the 2007-2008 season will be available as of tomorrow, September 1, 2007. Please see the screenshots attached to become familiar with the electronic waiver acceptance process for individuals registering themselves. You may also go through the process with test memberships using the last name of 'Aigroup'.

Additional work will be done next week from the perspective of the Region Admins and additional screenshots will be provided at that time, if necessary.

You will see that a driver's license or state identification number is required for the electronic acceptance. The insurance underwriters had recommended that each electronic acceptance should be tied to a financial transaction. However, since the regions offer various methods of payment by the members, that requirement was not acceptable for the national registration system. As an alternative, to verify identification of the individual legally accepting the terms of the membership, a driver's license or state identification number must be entered.

Please note that individuals are required to do the following during registration to satisfy the electronic acceptance requirements:

1. Open the link to the USAV Waiver & Release of Liability;
2. Check the box to agree to the USAV Waiver & Release of Liability;
3. Open the link to the USAV Participant Code of Conduct;
4. Check the box to agree to the USAV Participant Code of Conduct;
5. Check the box to agree to the Use Agreement; and
6. Enter a driver's license or state identification number.

For junior members, the following additional requirements are in place:

1. A Parent/Guardian first name is required;
2. A Parent/Guardian last name is required;
3. A Parent/Guardian email address is required (the confirmation emails are copied to this email address);
4. Additional text is displayed that the person agreeing to the Waiver & Release of Liability has legal capacity and authority to act for and on behalf of the minor;
5. A Parent/Guardian driver's license or state identification number is required.

A member must go through the electronic acceptance process in order to submit a membership application online. If the member does not go through the appropriate steps, the registration process cannot be completed. In this case, the member will need to follow whatever region process is in place for paper registration.
